Solidarity with our brothers and sisters of Histadrut

Dear brother Arnon Bar-David,

it was with great shock that we learned about the unprecedented and brutal assault of Hamas on all the people of Israel. We strongly condemn the insidious attacks of Hamas, the murder and abduction of peaceful citizens as an act of terror and a war crime.

In this dark hour for Israel, the German Federation of Trade Unions and its member unions as well as its Youth organisation DGB-Jugend stand by your side. Our thoughts go out to all those who lost their life and suffer from physical and psychological violence and to their grieving families left in shock and pain. Our common fight for peace, freedom, democracy and a diverse society is what us what always unites us and makes us strong. Any form of terrorism, indiscriminate killings and disappearances is unacceptable and will meet with our resolute resistance.

The last days showed us how deeply antisemitism is rooted in the societies around the world. We are shocked and concerned how brutal antisemitism came to action, also here in Germany. "Never again" for us is not an empty confession - on the contrary. It is our strong conviction. We fight antisemitism here in Germany, as well as in in our global union organizations. Be assured we'll do whatever we can to support you in your struggle, we stand closest by your side. We also stand in solidarity with all workers aiding those in need – soldiers, firefighters, public servants, doctors, and nurses – to just name a few, who work relentlessly to save lives and secure a save infrastructure.
